Natalya suggested that we make the second moot of each month into an officers' meeting with a social hour for the populace. The library will allow snack food and we could get together and enjoy some time with our friends. Generally we don't need a full moot twice a month unless there is an upcoming event.

The officers took care of any odd business and the rest of the populace could relax and visit. A full moot could be called if there was an event coming up or other business needed to be handled. The populace could also sit in on the officers' meeting if they wished.

The fifth Wed. in April is open and we can try a social hour then. Bring snacks, visit, hang out. For the moment, we will keep on with two moots per month. Natalya will post this idea to the list for reactions.
