

Moot—July 29, 2009

Attendance: 23

### Special Cattle Raids planning

A 10-yr. old boy was killed in an accidental shooting at Riverside Park, our event site. At this time, we don't know how it affects our event, but we don't think we can move the event. Natalya will write something for the Calon list.

Who's in charge:

**Autocrats:** Isabeau and Chiara

**Fighting:** Volkmar—there will be a double elim tourney, a three man tourney with landsknecht weapons, and a melee; the fighting field has some shade

**Archery:** Owain—archery from 9 to noon and 1:30 to 4:30, 9 shoots in the morning, 10 shoots in the afternoon, baronial shoot at noon

**A & S:** Seraphina—judges needed, should have good turn-out of entries

**Equestrian:** Zvonimira

**Troll:** Etienne

**Inn:** Natalya and Sashatec

**Feast:** Gwyneth—another precook is planned for the weekend before the event

**Hall Steward:** Emylie?

**Children's Activities:** Vasilla—lots of children's activities are planned, as well as a children's feast

We will be more condensed this year—equestrian events will take place in the meadow behind the house and horse people will camp up by the stables near the highway.

Archery will have the same field as last year, but fighters will be behind the conference hall.

Troll will be outside the feast hall, under a sunshade.

A & S will be under the baronial pavilion. Merchants will be near the feast hall and under the overhang. The noon inn will be in one of the rustic cabins between the hall and the archery range.

2 Vigils are planned—

Rosalin of Aberdeen's peerage ceremony will take place at the event. (Carlos/Isabeau's and Natalya's sunshades will be used)

Sofya, Mikail's apprentice, will hold her vigil at Cattle Raids, but the laureling will take place later.

**We will be calling to fill out the volunteer list—please be ready to help!**

Volunteers are needed for list table, waterbearing, and heralding.

### Also needed:

Gallon Water jugs for waterbearing

Cookie bars for the inn

Shepherd's hooks for lanterns
